Finding Rowborough Manor – Yinspire2

Rowborough Manor, Beaper Shute, Brading, PO36 0AZ

Beaper Shute is the main Brading to Ryde Road, and coming from Brading the entrance is a couple of hundred yards after the St Helens traffic lights on the left. The turn in is a little concealed, so once you are past the layby with the metal gates slow down and it's the next left – you will see two and brick pillars at the end of the drive.

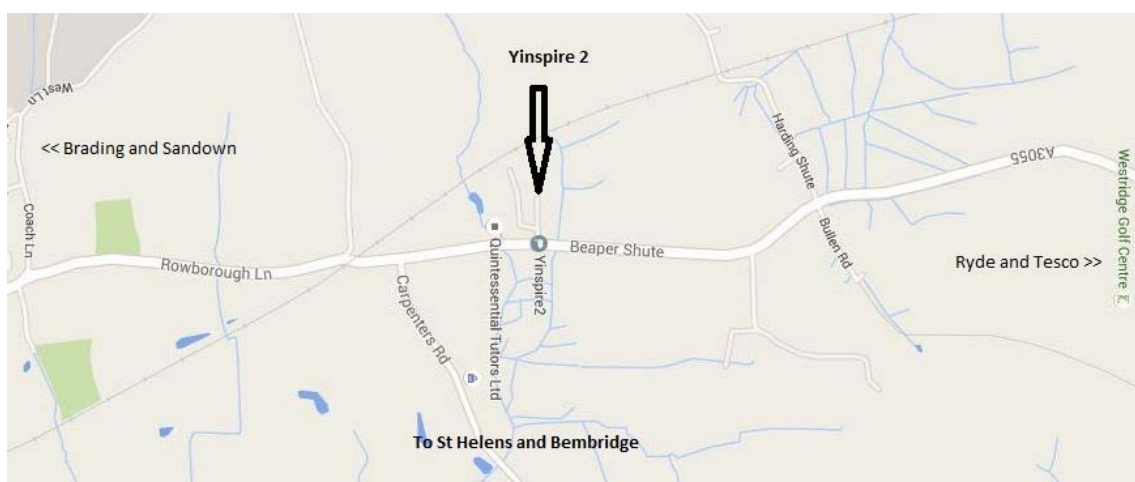

If you are coming from Ryde its just before the St Helens lights on the right hand side, after the long layby on the left as the road dips down. Slow down in plenty of time as the entrance is concealed and it's a fast road.

Come straight up the drive, ignore the turn to the left, and you will see a sign saying Rowborough Manor.

There is a large parking area, but for classes people will need to park in rows and double up to get everyone in.

Studio is behind the house. Come up the left path, leaving pond to your left, and studio is to the left beyond you. Please take care, the paths can get slippery.

My phone will be on till we start on 07990 752255 if there are any problems finding us.
